## ABOUT COMMUNITY SCOUTS

---

Europe is ageing, making it increasingly challenging to provide professional care for older people. Informal caregiving is therefore gaining importance. As a professional, collaborating effectively with volunteers, residents, loved ones, or family members becomes crucial. What skills do you need as a citizen to support older people in your community? To answer these questions, the Community Scouts project was launched. Led by AFEdeMy, this Erasmus+ initiative aims to empower citizens and professionals to provide essential support to older adults in their communities. The project is set to launch a comprehensive training and toolkit designed to empower citizens in supporting older adults within their communities.

## PROJECT PARTNERS

---

In this project, AFEdeMy – Academy on Age-Friendly Environments (The Netherlands) collaborates with ISIS Institut für Soziale Infrastruktur (Germany) and VerbindenBV (The Netherlands).

## EXPECTED RESULTS

---

The project will result in an online-accessible training and toolkit that equips citizens with the skills needed to support older adults in their communities.

## TARGET GROUPS

---

The project focuses on the following target groups:

- Citizens (18 years and older) interested in becoming Community Scouts.
- Stakeholders in the adult education field in need of training tools.
- Older individuals in need of (informal) support.
- Providers of support services for older people.

## GET INVOLVED!

---

Are you a citizen interested in becoming a Community Scout? Or are you a professional supporting and training volunteers? Stay up to date on everything developed in the project by emailing [lucia@afedemy.eu](mailto:lucia@afedemy.eu), and we will keep you informed about the progress.
